Jeff,

I left this concurrence package on Tammy's chair. I understand that she's gone for a week or more. Will you process?

Audrey

Tammy,

Attached is the oversight billing letter for American Fork. Please note that the copies of the AOC's should go with the letter to Trout Unlimited. I have included copies in the concurrence package.

I'll deliver the concurrence package to you today. If you have any questions, please let me know.

Maureen,

As you know I will be on leave for a month starting May 17. I know the concurrence package for American Fork went out early this week, but I was hoping to get the oversight letter to Finance before I left. Do you think this is possible?

Please let me know. Thanks.

Audrey
